## Description:

HPL panels are a modern material of the 21st century, characterized by exceptional durability, waterproof properties, and antibacterial features. When investing in clothing lockers, customers expect years of durability, and no other material provides such excellent longevity and functionality.

HPL lockers perform exceptionally well in extreme conditions, for example, in food processing plants or swimming pools, where aggressive environments and con-

tinuous user rotation cause high impact on the lockers.

HPL panels are offered in natural decors and textures such as stone, concrete, or wood, allowing for the creation of unique compositions.

TAURUS lockers, extremely durable and easy to maintain, are custom-made at no extra charge. To learn more, please contact us. Choosing HPL lockers from ALSANIT guarantees satisfaction.

-  only Torx screws are used
-  fully assembled product
-  the possibility of custom built
-  smooth inner walls
-  custom sizing available
-  easy to clean

**Quality confirmed by

# Locks for lockers

**Security** - a common value of the locks we offer, that is why we only provide those from reputable manufacturers. Below, we describe three additional features that guided us in selecting the locks for our products.

**Waterproofness** - prepared to work in any conditions.

Prioritizing quality above all, we have decided that all locks offered by us are suitable for use in moist areas.

**Interchangeability** - lock models can be exchanged at any time, changing from a lower model to a higher one. This way, the locker room can be modernized without the need for costly door replacement. When changing locks to deposit or electronic locks, additional holes will have to be made in doors.

**Availability** - don't waste time waiting.

A strong aspect of our offer is the availability of locks on stock, significantly reducing the time needed to complete the order. For projects with slot or digital locks above 200 compartments, please contact us to confirm availability.

**Cam locks**, the locks we offer have a 1/1000 combination, meaning the chance of opening with your key any another locker is 0.1%.

**Padlock locks**, an alternative to key locks is padlocks. The recommended shackle diameter for padlocks is 5-7 mm.

## The option to use any lock.

We are not limited to our own selection; we can integrate the locker with any lock specified by the client.

**Code locks** are maintenance-free solutions. All code locks offered by us have a master key opening option in case the code is forgotten.

**Deposit locks**, Coin-operated or token-operated locks are capable of accepting coins or tokens into a special container. Locks can operate on coins of 1/2 EUR. In case of key loss, locks can be opened using a master key.

**Electronic lock** that support the standard RFID are modern programmable locks operated by CARDS, WRISTBANDS, or other RFID TOKENS. Available in both OFFLINE versions powered by batteries and ONLINE versions powered externally.

### SMART LOCKER transforms lockers into solutions

ALSANIT introduces innovative solutions in the field of lockers with smart locks, enabling electronic control over them.

Thanks to cooperation with the renowned brand SMART LOCKER, representing the most advanced intelligent locking system available on the market, we can confidently offer this solution to our customers.

SMART LOCKER stands out not only for its ease of use but also for its rich configuration options, ensuring easy management and convenient use.

The possibility of integration for any ALSANIT locker system

Full service including installation and training

The ability to integrate with the client's database

The ability to customize the software to individual needs

**SMART LOCKER** is an intelligent locker system that introduces a new era of facility management.

### Examples of applications by industry

#### INDUSTRIES

	OFFICES	SCHOOLS	STORES	PHARMACY	FACTORIES	SPORTS FACILITIES	LOGISTICS SHIPMENTS	HEALTHCARE	PUBLIC AREAS	GASTRONOMY
FUNCTIONS

DISPENSE	✓	✓	✓	✓	✓	✓	✓	✓		
DROP OFF / PICK UP	✓	✓	✓		✓		✓		✓	
CLOAKROOM	✓	✓	✓		✓	✓	✓	✓	✓	✓

- Receive all your parcels from any carrier in one place.
- Effortlessly dispense workwear or distribute mail.
- Exchange documents or keys using easily managed lockers.
- Reduce costs by flexibly assigning users to lockers in the changing room.
- Control the circulation of tools or electronic equipment.
- Earn money by selling oversized items in hospitals, sports facilities, etc.

## The **STOCK** version - at no extra cost

Take advantage of our extensive stock collection of available HPL, MFC, and GLASS, as well as metal paint, and configure furniture at no extra cost. There are countless configuration possibilities.

## The **EXTENDED** Version - extra charge

If you would like to have the furniture bodies made in colors other than those originally designated for bodies, there is an additional surcharge of +15%.

## **BESPOKE** Version - custom color scheme upon individual request

In addition to non-standard board colors, we can also enrich the project with graphics or decals. If you wish for colors not available in our warehouse collection, you can choose any board color, paint, or decor from the available palette, and we will order it for you.

HPL + MFC - available from the ALSANIT board suppliers' collections  
PAINT FOR METAL + GLASS - available from the RAL color collection
